1. Introduction

- 1.1 The purpose of this Statement of Common Ground is for the Local Planning Authority (LPA) and the Landowners (Basingstoke and Deane BC and Hampshire County Council) to confirm and agree the exact boundary of 'Remaining Manydown Area in land ownership, within which master planning will take place' (as set out on the proposals map with the Submission Local Plan). This land is referenced by criterion 't' of Policy SS3.10.
- 1.2 Two plans are attached as appendices to this Statement. Appendix 1 shows the proposed boundary, and Appendix 2 shows how it differs from that published with the Submission Local Plan (areas of land removed).
