Dear Sirs

Basingstoke and Deane Borough Council Community Infrastructure Levy

As discussed, at the hearing session which took place on 5 September 2017, I would be grateful if you could provide me with a revised version of your response to my MIQs, with the figures adjusted to correspond to the base date of the study of July 2015.

It would be useful, in providing the revised figures, if you were to set out clearly any assumptions that have been made in your calculations.

I do not wish to reopen any consideration of the appropriateness of what has been costed. I merely wish to ensure that the figures provide a like for like comparison.

I look forward to receiving this information in no more than 10 working days from the date of this letter.

I will then provide the Council, and others, with 10 days to come back to me if the adjusted figures are in dispute.

If you have any queries, please do not hesitate to contact me via the Programme Officer.

Yours faithfully

Louise Nurser
