Dear Planning Policy and Infrastructure Team

Thank you for inviting this authority to comment on the Revised Draft Charging Schedule. It is noted that comments are required by 28 June 2017.

West Berkshire Council does not wish to request to be heard by the examiner in relation to the modifications. You may recall that whilst West Berkshire Council raised a number of comments in relation to the Charging Schedule in September 2016, it clearly indicated that it did not wish to object. However, as an adjoining authority, it would be helpful from this authority's point of view if an officer did attend the examination as an observer. I would therefore be very grateful if you could keep this Council informed of any examination arrangements.

You may recall that in September 2016, this Council commented on the Draft Regulation 123 List. It would therefore be helpful if we could see Basingstoke and Deane's response to these comments and to understand why the suggested change was not included in the new document.

If you have any queries in relation to this email, please do not hesitate to contact me.

Kind regards

Sarah Ball BA MA MRTPI
