5 April 2022	The Executive Director of Corporate Services (S151 Officer) under delegated powers, and following recommendation of the Council Capital Programme Board, has taken the decision to:				
	1.1 Green Initiatives budget: To increase the approved budget by £0.054M in the 2022/23 financial year.	The provision of additional EV charging infrastructure will have a positive impact in terms of carbon emissions, given the opportunities that they will provide for residents and visitors to transition from petrol and diesel-powered vehicles to electricity. There is a growing trend for this to be provided by renewable sources, and all energy paid for by the Borough Council comes from such sources.	N/A	N/A	N/A
	1.2 Allotment Improvements budget: To increase the approved budget by £0.087M in the 2022/23 financial year.	There has been S106 developer contribution allocated to allotment improvements in the Norden Ward amounting to £0.087. Several site meetings have taken place with local allotment holders, Ward councillors and a teaching/horticultural therapy to reinstate, extend and improve what was once a small disabled accessible area within Silvester Close allotments in Norden. 	1.3 Sport & Rec Improvements (S106) budget: To increase the approved budget by £0.011M in the 2021/22 financial year.	A key driver for the request for funding to be released is to ensure that the Borough continues to have excellent, modern sports facilities that meet the expectations of the users, and enable residents of all ages to remain active and benefit from the positive attributes derived from sport activities. This project (Oakley Cricket Club) meets the purposes for which the Section 106 contributions were collected and has local ward member support.	N/A	N/A	N/A
