### It should be noted:-

- 1) Where views and vistas are shown from a particular viewpoint, similar views and vistas from other viewpoints for example, further along the same street, may be of equal importance.
- 2) Views and vistas into, from and within the conservation area are all important to the character and appearance of the conservation area. The Appraisal Map identifies views and vistas of particular importance to the character and appearance of the conservation area, from viewpoints within the conservation area only. This does not imply that other views and vistas are unimportant.
- 3) Buildings and structures marked grey are curtilage listed structures, identified as making a positive contribution to the character and appearance of the conservation area, comparable to that of a Notable Structure. Not all curtilage listed structures or buildings within the conservation area will have been identified on this map.
