Your local council

In Basingstoke and Deane, local government is organised into a two-tier system; a county council and a district council.

County councils cover large areas and provide most public services, including schools, social services and public transport.

Each county is divided into several districts. Each district council covers a smaller area within Hampshire and provides more local services, including recycling and rubbish collection, local planning, housing, council tax and leisure facilities.

District councils with borough status may be called borough councils, hence the name Basingstoke and Deane Borough Council, but the role is the same.

National Insurance number

You must be legally entitled to work in the UK and have a valid national insurance number (NINo) to start work. Most people in the UK pay national insurance. This money is paid to the government and contributes to healthcare, benefits and pensions. If you are employed, your employer will deduct the national insurance directly from your pay. If you are self-employed, it is up to you to pay the national insurance directly to the government.

[Apply for a National Insurance number online \(GOV.UK\)](#) (<https://www.gov.uk/apply-national-insurance-number>), if you require help with your application, telephone the NINo application helpline on 0800 141 2079.

Street and Winchester Street areas.

Employment contracts

You should be given an employment contract when you start work. This is an agreement between you and your employer. Your rights and responsibilities, and those of your employer to you, are called the terms of the contract. Your employer has eight weeks to issue a contract before being in breach of employment law.

National minimum wage

Almost everyone who works in the UK is entitled to be paid the national minimum wage. The hourly rate for the minimum wage depends on your age and whether you're an apprentice. [Find out more about national minimum wage rates \(GOV.UK\)](https://www.gov.uk/national-minimum-wage-rates) (<https://www.gov.uk/national-minimum-wage-rates>).

If you think you have been underpaid, check by using the [National Minimum Wage and Living Wage calculator for workers - GOV.UK](https://www.gov.uk/am-i-getting-minimum-wage) (<https://www.gov.uk/am-i-getting-minimum-wage>) or call Acas on 0300 123 1100 who can help you with your employment rights.

Your employment rights

Your rights as a worker are protected by UK law. If you want advice on employment law and good practice you can contact the Acas helpline on 0300 123 1100 or [find more information on the Acas website](https://www.acas.org.uk/advice) (<https://www.acas.org.uk/advice>).

Payslips and deductions

You should receive a written payslip on the day you are paid showing your pay before and after deductions. Deductions will be taken for national insurance contributions and for income tax. Most people in the UK pay income tax and it is based on the amount you earn. Your employer should deduct the correct amount every time you get your pay and your tax code can be found on your payslip. If you are self-employed, it is up to you to pay the correct amount directly to the government.

If you think there is a problem with the deductions from your wages, call the Acas helpline on 0300 123 1100 for advice.

You may be asked for proof of address, for instance when opening a bank account or applying for a savings account. You can use a utility bill (electricity, gas or water), a letter from a landlord, or an official letter that is clearly addressed to you. Often a letter from your employer is needed.

Midwives, health visitors and school nurses

Midwives: If you are pregnant you will need to visit your GP to inform them, and they will then pass your care to a specialist in pregnancy and birth. This is likely to be a midwife, but in some cases you may need to see a consultant.

Health Visitors: If you are due to have a baby soon, and once your baby arrives all families will have appointments with the health visitor. The health visitor is a specialist in care for children under five years old and their families. For more information, visit [Basingstoke child health services \(Hampshire Hospitals\) \(https://www.hampshirehospitals.nhs.uk/our-services/az-departments-and-specialties/child-health-services-paediatrics-1/bnhh-child-health-services\)](https://www.hampshirehospitals.nhs.uk/our-services/az-departments-and-specialties/child-health-services-paediatrics-1/bnhh-child-health-services)

School Nurse: If you have a child over five years old, the school nurse is available to offer support and guidance to either yourself or your child on many issues relating to health and wellbeing.

Immunisations and vaccinations

When you arrive in the UK, or any new family members arrive, it is worth contacting your GP or practice nurse to review the immunisations you have had and those vaccinations you may need. [Find more information about vaccinations \(https://www.nhs.uk/vaccinations/\)](https://www.nhs.uk/vaccinations/)

Other health information

[Clinical Commissioning Groups \(#\)](#)

In order to shift decision-making as close as possible to patients, power and responsibility for commissioning, or the buying of health services have become the job of local groups of clinicians (doctors, nurses and consultants), known as Clinical Commissioning Groups (CCGs).

GPs and other clinicians are responsible for working with the local population to ensure that the services they are paying for meet local needs. Some of the actions Clinical Commissioning Groups will be required by law to take are:

- involving the public in the planning and development of services

- consulting on their Commissioning Plans
- having two members of the public on their governing body
- acting with a view to securing the involvement of patients in decisions about their care
- promote choice
- reducing inequalities between patients with respect to outcomes achieved.

The Clinical Commissioning Group (CCG) for this area is called the Hampshire, Southampton and Isle of Wight Clinical Commissioning Group.

The Hampshire, Southampton and Isle of Wight CCG vision is to continuously improve the health and wellbeing of the people of North Hampshire, so that:

- people are supported to self-manage and self-care
- people can access high-quality primary care (such as GPs and practice nurses)
- health and social care is integrated and delivered closer to home
- the right care is commissioned (bought)

They need public support to help shape the future thinking for commissioning (the buying of) healthcare for the people of North Hampshire in the future.

[Faith groups in the borough \(#\)](#)**Inter Faith Basingstoke** (formerly Basingstoke Faith Leaders Forum)

An informal network of people from diverse faith communities, open to individuals from different faith groups and those who agree with and are supportive of their aims. The Forum is primarily made up of individuals who:

- have a leadership role within a faith community
- are people of faith who express their faith in and through a community

They seek to promote mutual respect and understanding between all faiths and work together to identify and support the needs of all faith groups in Basingstoke. If you or your community are interested in promoting the above and can offer some assistance in taking these objectives further, or would just like to find out more about the forum, please email basingsstokefaithleaders@gmail.com (<mailto:basingsstokefaithleaders@gmail.com>).
